Timm's Hill The highest point In Wisconsin

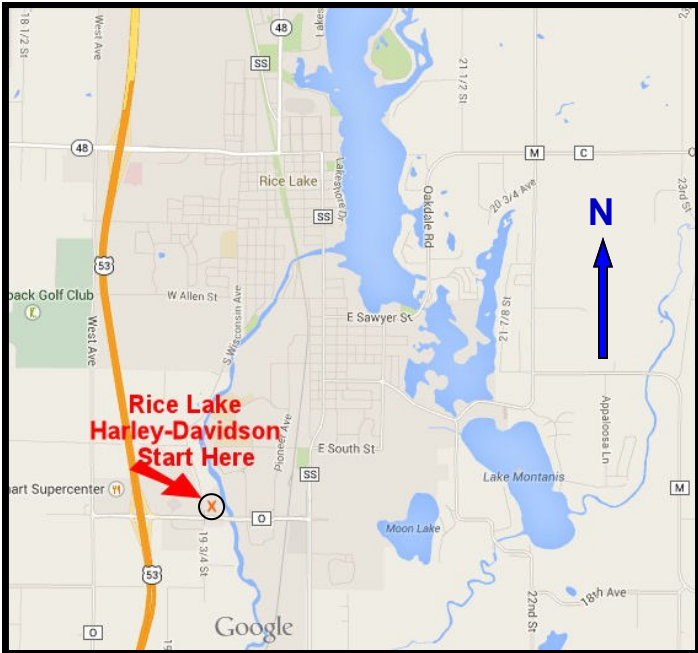

Follow the signs into Timm's Hill Park and they will guide you to parking and a path to the observation tower. It's a bit of a walk to the tower but worth it for the view.

On the return trip you may choose to retrace the route through the countryside or ride back on Hwy 8. The Hwy 8 route is about 90 miles, back to the dealership. (right on SS at Cameron)

Note:

While in Phillips, check out Fred Smith's Concrete Park N8236 W13.

Don't forget your camera!!
